SECOND PRELIMINARY AMENDMENT

Sir:

Prior to calculation of the filing fee and examination on the merits, please amend the above-identified application as follows:

IN THE ABSTRACT:

Please substitute the Abstract attached hereto for the Abstract originally filed with the application.

IN THE CLAIMS:

Please add new claims 16-36 as follows:

16. A network according to claim 2, characterized in that the forecast server comprises means for ordering one particular cache server of said at least two cache servers to pre-fetch data having a higher probability of being requested than the data that is currently stored in that particular cache server.

17. A network according to claim 2, characterized in that the forecast server is connected to a group of cache servers, which it controls via a control protocol.
